# President's Perspective

*Roger O. Bouchard, Jr.  
President, Florida Sheriffs Youth Ranches, Inc.*

In my last President's Perspective in the summer issue of THE RANCHER magazine, I wrote about the impact of the economic recession on the Youth Ranches. Since that time, we have moved ahead with the temporary closure of five of our 19 cottages which has reduced the number of children served in residential care by 50. Although this has been one of the more difficult decisions we have had to make, the process went smoothly and we are all more motivated than ever to make the most of a tough situation.

One of the things I have learned in my career is when things get tough and the challenges are great, people step up. At the Youth Ranches, I am seeing a wave of creativity and innovative thinking as staff generate ideas on how to do more with less, how to be as efficient as possible and how to raise more money to support the children in our care. Some of these ideas have already led to a way we can reopen a cottage at the Youth Villa in Bartow and serve ten additional girls.

At our camps, we also have put some creative programs in place. I had the privilege in June to attend "Operation Purple" at Caruth Camp. This is a week long summer camp for children of active duty military personnel who are either deployed overseas or just coming off deployment. It was a great group of boys and girls who attended and we had the chance to give them a fun week at camp while thanking them for their service to our country as military dependents.

I am so proud of the young people in our programs. This summer we had three of our boys working at the Grand Canyon and Bryce Canyon for an outfitter who provides mule tours to the bottom of the canyons. These young men were chosen for these jobs because of their horsemanship skills learned at the Boys Ranch, as well as their good character and responsibility. Some of our girls at the Youth Villa in Bartow are volunteering their time helping out with a riding academy for disabled children and adults. Other youngsters are working hard at getting caught up in school, learning new vocational skills or baling and putting up hay for our livestock. All in all, they are experiencing life and how to make a contribution to their communities.

Last but not least, I am so proud of our graduates who are serving our country in the United States Military. We have Alumni in all branches of the armed service and their service to our nation is outstanding.

In closing, I would like to thank all of our donor family who are remaining faithful through these difficult times. In the past months, we have received over \$100,000 through the "Champion for Children" campaign to reopen our closed cottages. Once this reaches the \$200,000 mark, we will be able to reopen a cottage and welcome ten additional children into our lives at the Ranch. Thank you! Thank you! Thank you!

# Opportunity Driven

**A**t age 13, Nick had three major goals... live in a safe place, stay in school and earn money! At age 17, he is achieving these goals with great efficiency and maturity. Now, he has set his sights on going to college and then possibly on to law school.

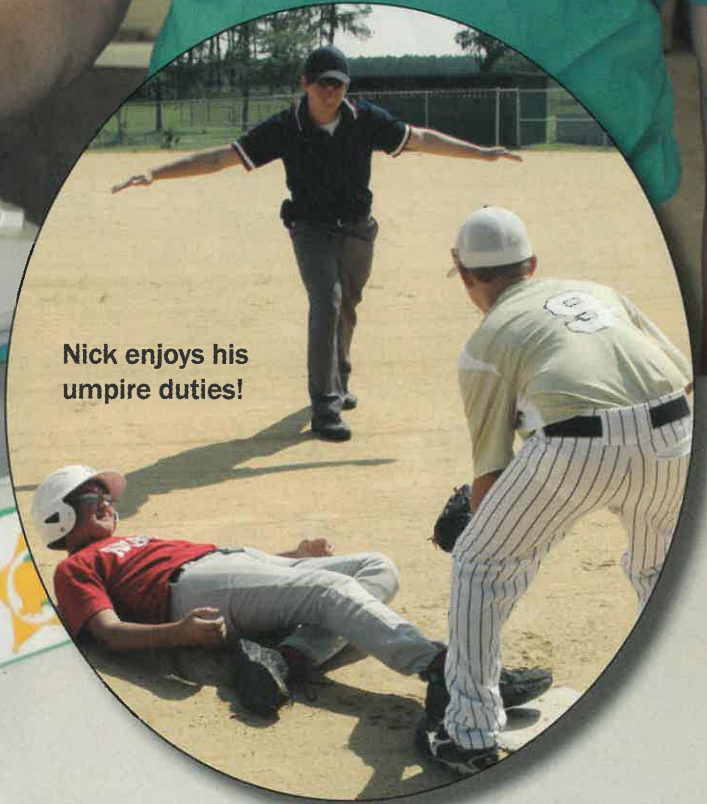

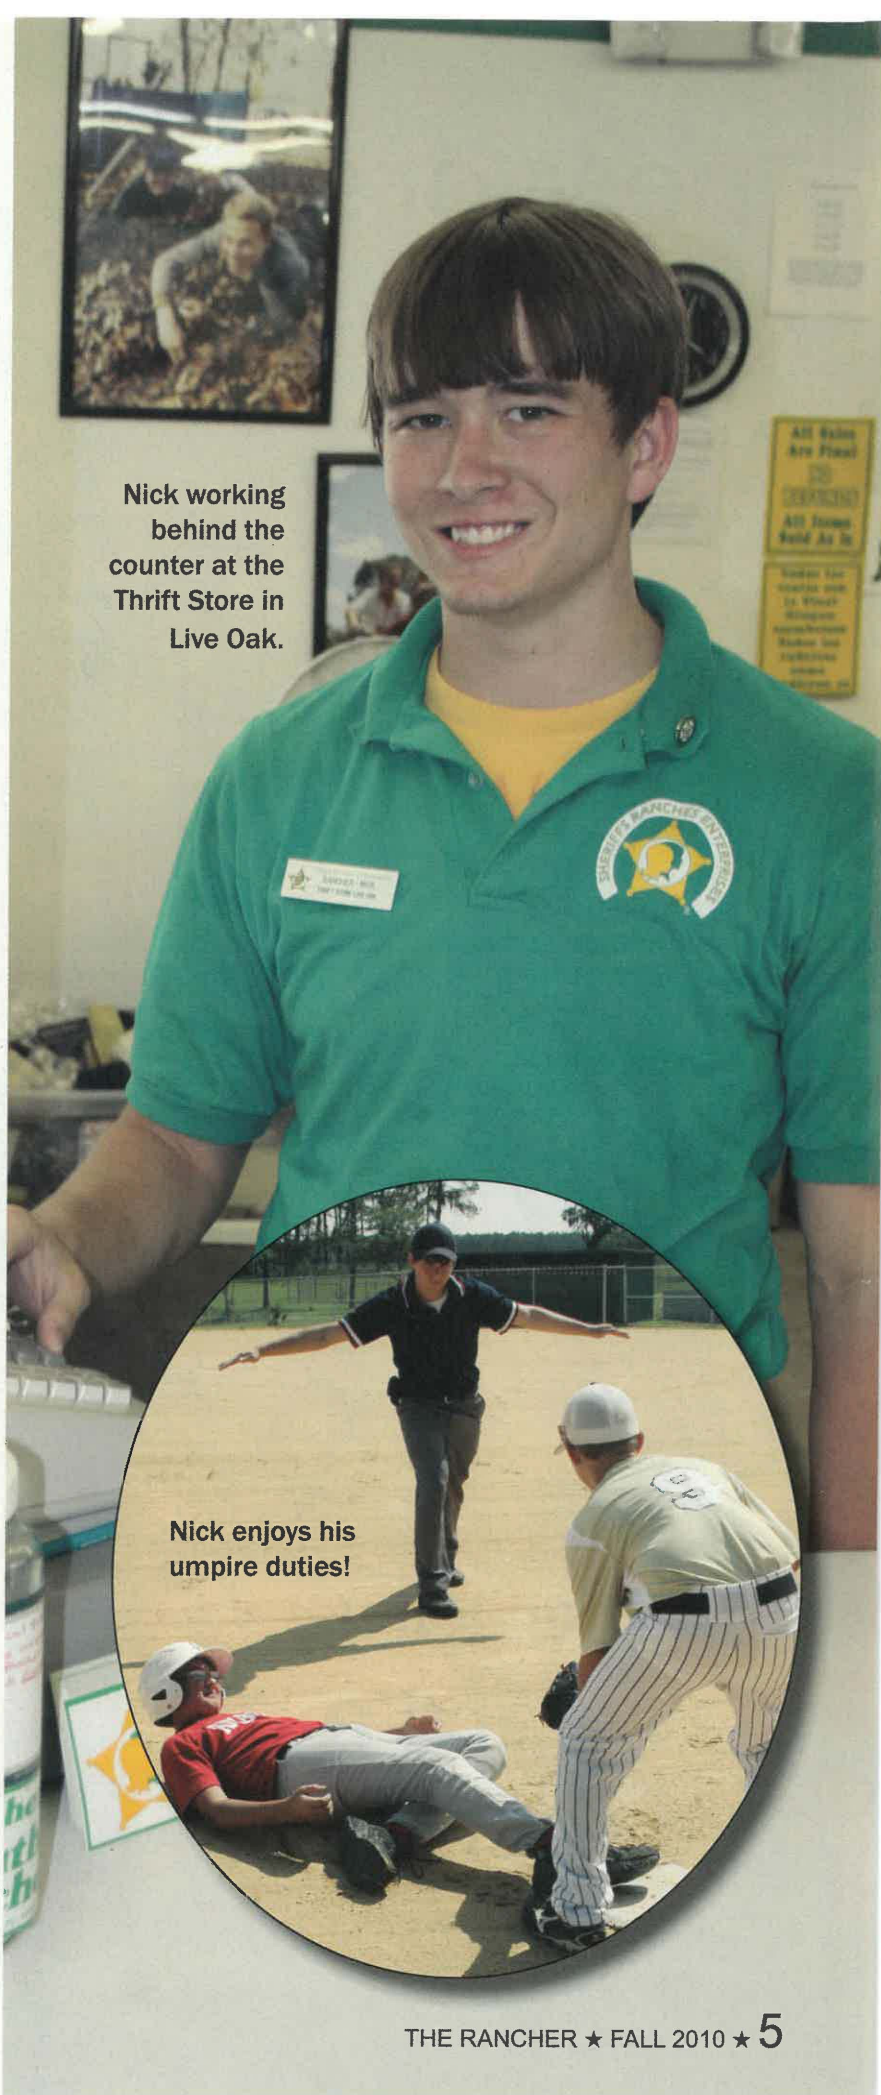

“A few years ago, I had bad grades, bad behavior and a tough living situation at home,” Nick says rather casually. “My brother was living here at the Boys Ranch already and when he came home, I saw he had money. When I asked him how he got it he said, ‘I earned it at the Ranch.’ That is when I knew I wanted those same opportunities... a fresh start and the chance to earn my own money!”

“I started off working on the cottage crew, helping to keep the yard work done. Then I had the chance to work other places on campus and finally, I got to apply for a job in town. With each opportunity, I got a raise!” This spring, Nick maintained a 2.8 GPA while working a job at the Thrift Store in town and then took a second job as an umpire for little league games at the local ball field.

“I know a lot about baseball and I can make \$20 for an hour and a half of work,” Nick said proudly. “Plus I can be a role model for the younger kids in town.” When asked if he ever got into a clash with a parent or coach, Nick responded with a smile. “Sometimes they yell, but I know I have the authority to make the call.

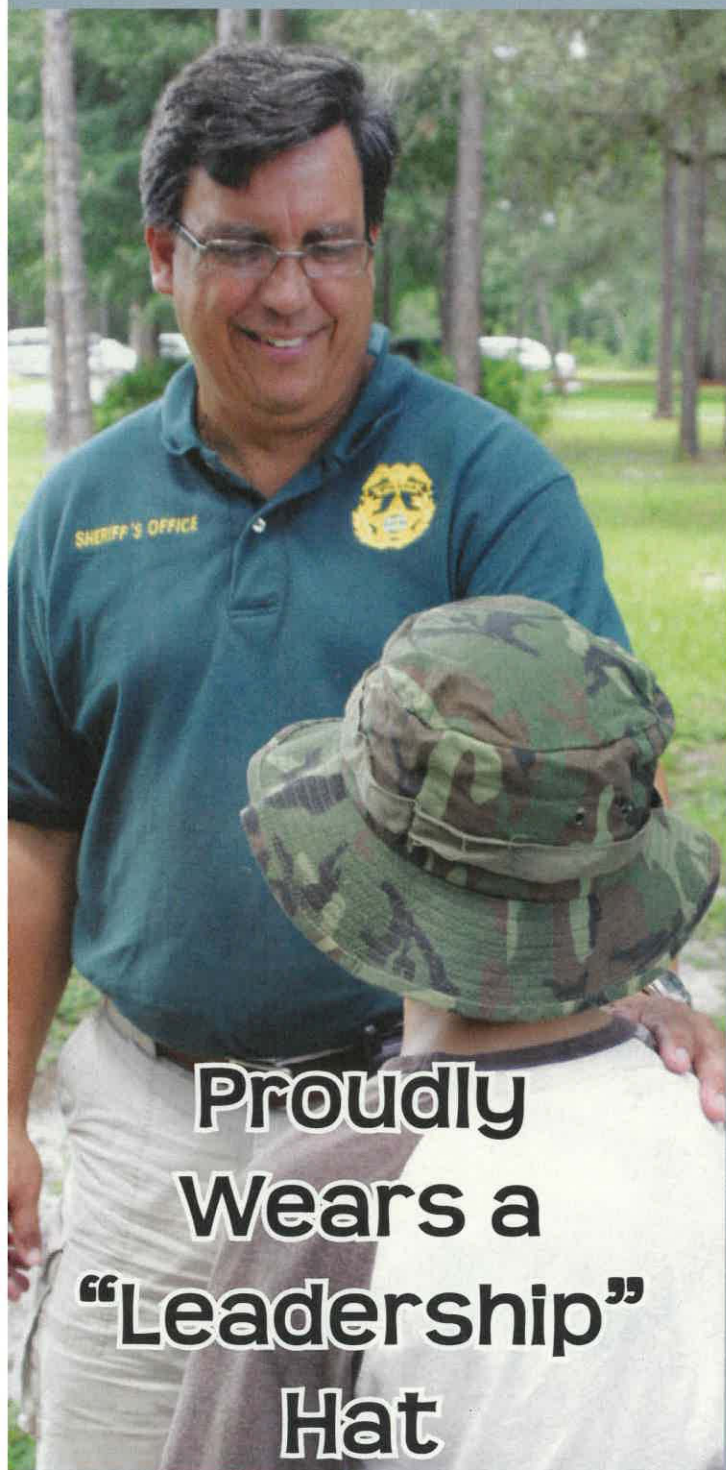

Nick indicated he liked the responsibility of having a job and is grateful to the Sheriffs Boys Ranch for helping him reach his goals. **“The Boys Ranch is a good place for kids who want to help themselves and build a better future.** I am saving my money to buy a truck so I can get to and from work. I turn 18 soon and will graduate from high school next spring. The Ranch has given me every opportunity to succeed!”

# The Worst Kid in the World!

Proudly  
Wears a  
"Leadership"  
Hat

She called the first night of camp... and again the next day! Her statement and question were exactly the same. "I know my kid is the worst kid in the world. Do I have to come pick him up yet?"

Our answers were also the same. "Your child is fine. He is doing well and there are no problems. If we have any concerns, we will call you."

After the first call, the Camp Director sought out the boy and checked on him. He was doing fine but she wanted to make sure he knew we had different expectations. She pulled out a floppy hat and said, "Do you know what this is?" "No," the boy replied. "It is a special 'Leadership' cap I give to only one camper. If you wear it, you need to be a positive leader in your group and with all the campers here this week. To keep it, you must be positive, helpful, polite and kind. Do you think you can do that? Would you like to wear this hat?"

His eyes grew big...he thought about it for a few seconds then straightened up and looked the Camp Director in the eyes saying, "Yes ma'am, I will wear that hat!"

By day four, mom had gotten the message. She had finally let go of the thought that her boy

Boys at camp show off a crayfish claw they found.

would be “kicked out” of camp and sounded relieved that he was doing so well. **Maybe, just maybe, this summer camp would be the turning point in her son’s life.**

As for our young camper, he has yet to take that hat off! The boy sleeps in it, swims in it, sings in it, etc. In fact, the only time it came off his head was after the Deputy assigned to his group explained certain etiquette which shows respect... like at the morning flag raising ceremony, when entering a building, and hopefully, when taking a shower!

On the last day of camp, the boy approached the Camp Director and said, “I guess you want your hat back for the next group of kids.” She smiled and winked at him saying, “You keep it! You earned that hat every day this week and I know you can be that same type of leader back home.” “You bet I will!” he exclaimed and scampered off with a new found sense of self esteem.

## **Boy, Oh Boy, Oh Boy, OH BOY!**

Four boys... yes, brothers, and yes, all born on the same day thirteen years ago, arrived at camp this summer! But wait, one of the quintuplets is missing...and SHE is a very smart girl.

With four rambunctious boys heading out the door to summer camp, she decided to stay at home and spend some quiet quality time with mom. Who can blame her? Besides, with Okaloosa County Deputy Sheriff Denny at camp, she knew her brothers would be in good hands and with any luck, they would come home a wee bit worn out!

These girls enjoy a refreshing dip in the pool at Summer Camp.

**S**ummertime brings a change of pace at the Boys Ranch. While most boys do continue in summer school, classes end at lunchtime and the Ranchers have time to earn some extra spending money at work and then enjoy some recreation at the end of the day.

Each Rancher has a job whether it is inside at the cafeteria or outside working with maintenance or at the farm. The young men must apply for the job, develop skills while employed and maintain an appropriate attitude toward others. In return he earns an hourly wage and the satisfaction of a job well done!

***“I love working on the farm,” says Rancher Patrick.***

In the heat of the summer, some of the toughest but most rewarding jobs are outside. The boys at the farm stay busy baling hay for the winter season, fixing fences and caring for the animals. It is hard, hot work but there is little complaining. Farm jobs pay a bit more than the other jobs on campus so their work does reap some additional rewards.

“I love working on the farm,” says Patrick. “Eventually, I want to go to college and study agribusiness so it is important to learn everything I can.” Patrick’s remarkable claim to fame was to be the first young man at the Ranch to ride Jake the ox!

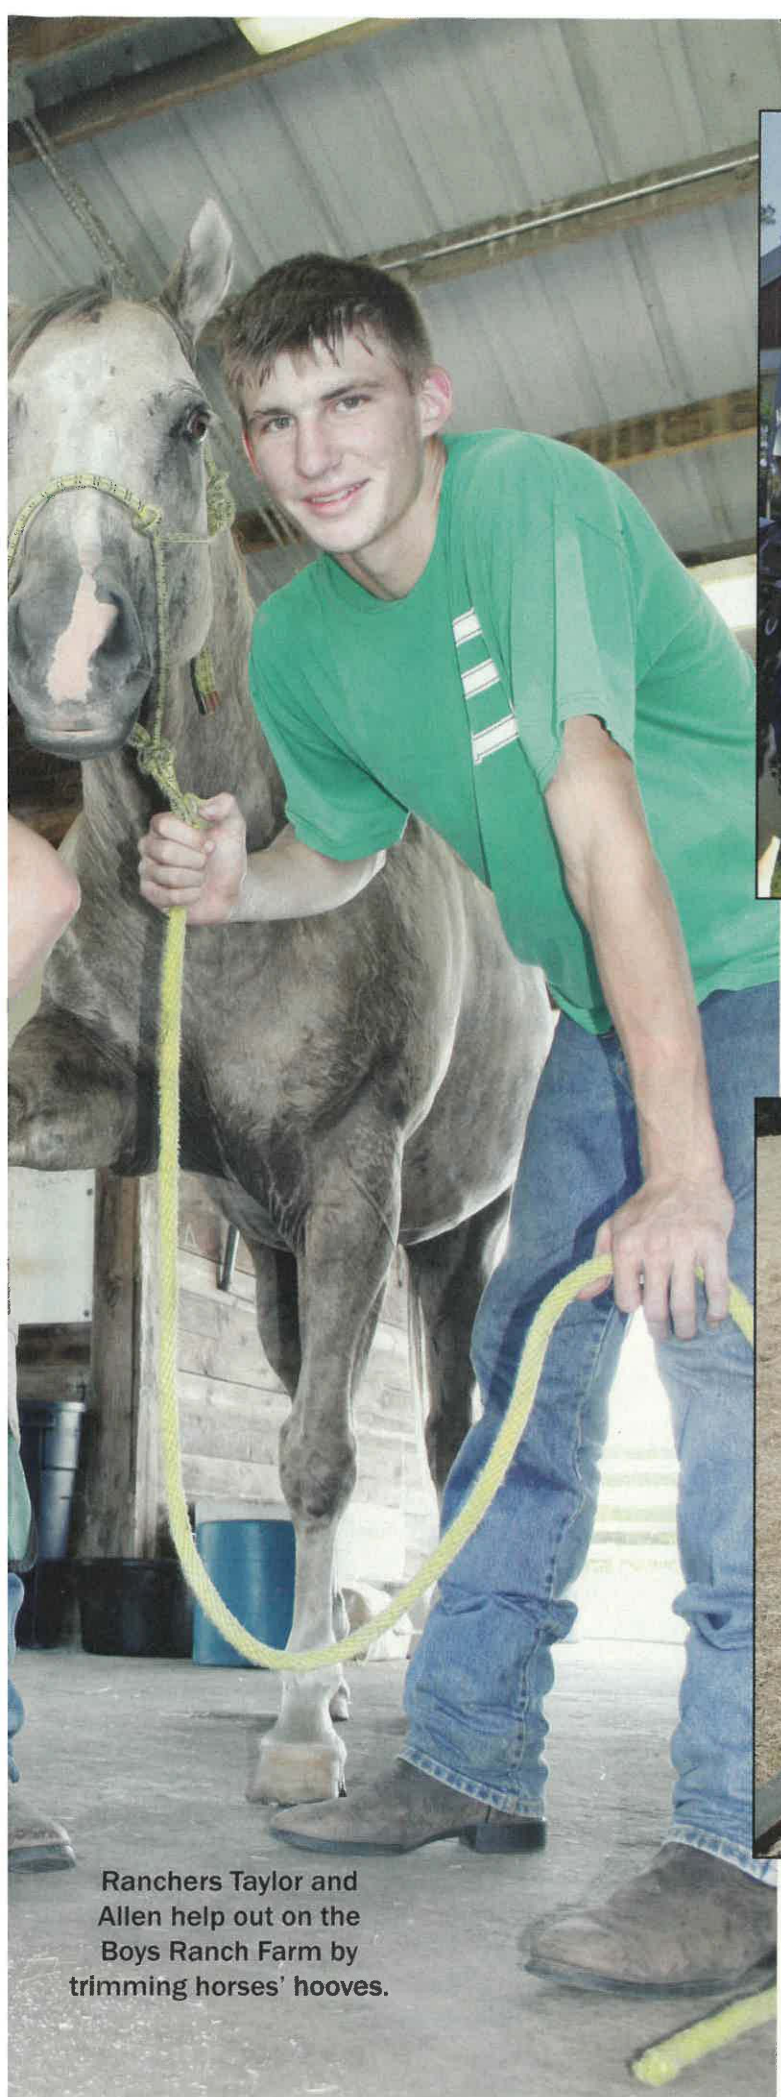

Taylor also works at the farm. He invested extra time in understanding the specific skills needed to care for the animals’ feet. Farm Manager Jeff Parker taught them the anatomy of a horse’s hoof and showed them the proper use of the ferrier tools. As Taylor and the other boys finished cleaning, clipping and shaping the hoofs, Mr. Jeff proudly told them their skills and effort can save the Boys Ranch about \$2,400 each year. Taylor smiled and said, “Now that’s what I am talking about...earning money while saving money... YES!” Mr. Jeff laughed at his enthusiasm and then replied, “If you invest in some good equipment and do it well, you can use this skill to make a little extra money for years to come. Just make us proud!”

As the work day comes to a close and the Ranchers head home for dinner, Mr. Jeff shouts out, “Good job, boys! We will be riding and roping at the arena later tonight... Come on down and join us for some fun!” Nearly in unison, the boys turn and call back, “See you there!”

## Accepting a Helping Hand, Lending a Helping Hand

All of the kids who live at the Sheriffs Ranch need a helping hand. Some have been abused or neglected, others experience trouble at school or in the community, and some simply do not have a positive home situation and just need a safe place to live. Most find it very hard to believe that someone they have never met before actually wants to help them.

To accept the help of others can be a tough challenge for teens today. They are skeptical, full of pride and often very uneasy about trusting people to help them. Our kids struggle with these fears while facing many other changes in their young lives. Hopefully, along the way, they find a friendly face to encourage them as they accept the help that is offered and discover the sense of self confidence that comes with overcoming obstacles and conquering fears.

In partnership with TiAnViCa riding stables, several girls who live at the Youth

As volunteers, our girls, saddle and bridle the horse, help the rider up, walk with the rider through the lesson, then bring the horse in, groom and feed them, clean stalls and sweep the barn.

Villa have learned to accept help in their own lives by giving it to others in need.

Imagine if you had Cerebral Palsy, Autism, Downs Syndrome or maybe even had a traumatic brain injury from being shaken as a baby. Think about life with these challenges and then consider the exciting possibility of riding a horse. All you need is a little help!

Sarah, Makayla and several other girls have been given the chance to volunteer and guide these riders through a challenging and exhilarating experience. It has changed their perspective in so many ways. "People with disabilities should be treated with respect," proclaims Sarah, age 14. "They have some challenges, but with a little help they can do what we do."

Makayla quietly smiled and said, "We don't talk too much when they ride because they can get distracted and may lose their focus. We explain each step patiently so they know what to expect. I like to help them accomplish the ride successfully!"

"It takes a team of three volunteers to safely guide a rider through this experience," explains TiAnViCa Director Roger Meadows. "They are responsible for themselves and for keeping the rider and animal safe. Working with kids with disabilities helps the Youth Villa girls see a different side of things. I sense they become more grateful for what they have and what they can do."

Sarah summed it up well when she said, ***"It feels good to help others! These kids are not much different that we are... we all just need a little help!"***

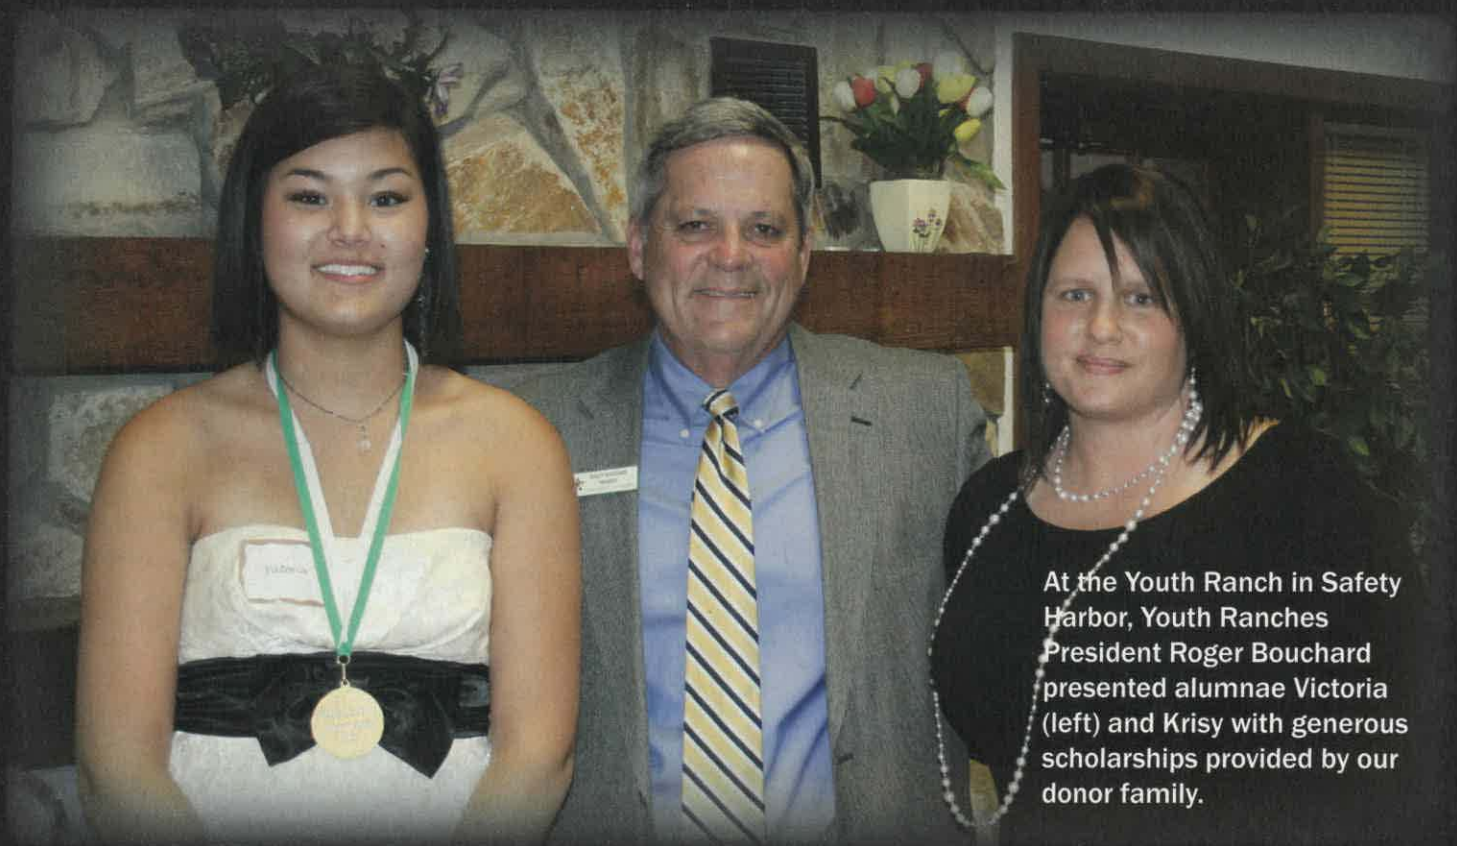

Sarah, age 14, described some of the activities they use with the more experienced riders. "It's a scavenger hunt! We hide stuffed animals in the field and they look for them while riding on the horse. It's a great adventure!"

Girls giving lessons to one of the students.

"I work with a girl who has trouble moving her legs and arms. Here, we use ladder reins. She just needs different equipment to control her horse." - Makayla, age 13.

# RANCHERS SOAR WITH STRENGTH AND GRACE

Celebrating with our kids, the Sheriffs of Florida take a personal interest in their great success. Congratulations were in order for our Senior Scholarship winners and for our younger Ranchers who are making great strides in their lives.

Living on one of our four residential campuses provides many opportunities for our children to find an area where they can excel. We celebrate those who keep their room neat, show great social skills, or shine academically, athletically, and creatively. We applaud those who work hard and those who demonstrate positive leadership traits and great attitudes.

Thankfully, so many of you believe in our vision to raise young men and women who are able to face the future with a sense of direction, ability and hope. We are grateful for your continued support!

At the awards banquet, she was recognized for her many achievements including the Ambassador award. Destiny received the following praise after a group toured the Youth Ranch which affirms her self confidence and skills as a leader on our campus. She truly is a shining star!

*"...Thank you for speaking to us about your experiences at the Youth Ranch. Your sincerity and heartfelt delivery made your presentation among the most memorable of the entire "Rising Stars" Leadership Academy. Your personal experiences and growth in your educational goals was an inspiration to all of us. Your ability to persevere and maintain a positive attitude was a life lesson that many of the students could relate to. # READY FOR ACTION!

Dakota was sitting in class at the Donald Ralph Cooke School at the Florida Sheriffs Boys Ranch wondering what he would do with his future. He would be heading home soon and spending his senior year back at his old high school. One of the teachers asked the class if anyone wanted to try something new and take on the challenge of exploring a job as an Emergency Medical Technician (EMT). Dakota perked up. "I can do that," he thought as he raised his hand with confidence.

After four months of extra classes, where he earned all "A's" and completing three 24 hour shifts with an ambulance crew and three more 12 hour shifts at a hospital, Dakota is ready to sit for the state exam. The only thing holding him back is his age... he must wait a few more weeks until he turns 18.

"My long term goal is to become a firefighter," said Dakota. "I intend to get my EMT license as soon as I am eligible, finish my senior year of high school, then go on to firefighter school."

Dakota's journey has not been easy. He came to the Ranch in 2006 and then went home in 2008. "After I got back home, I started making some bad decisions again and realized if I really wanted to be successful, I needed the structure and guidance of the Boys Ranch. My mom agreed, so we called to see if I could return. They agreed and I promised to make the most of this second chance."

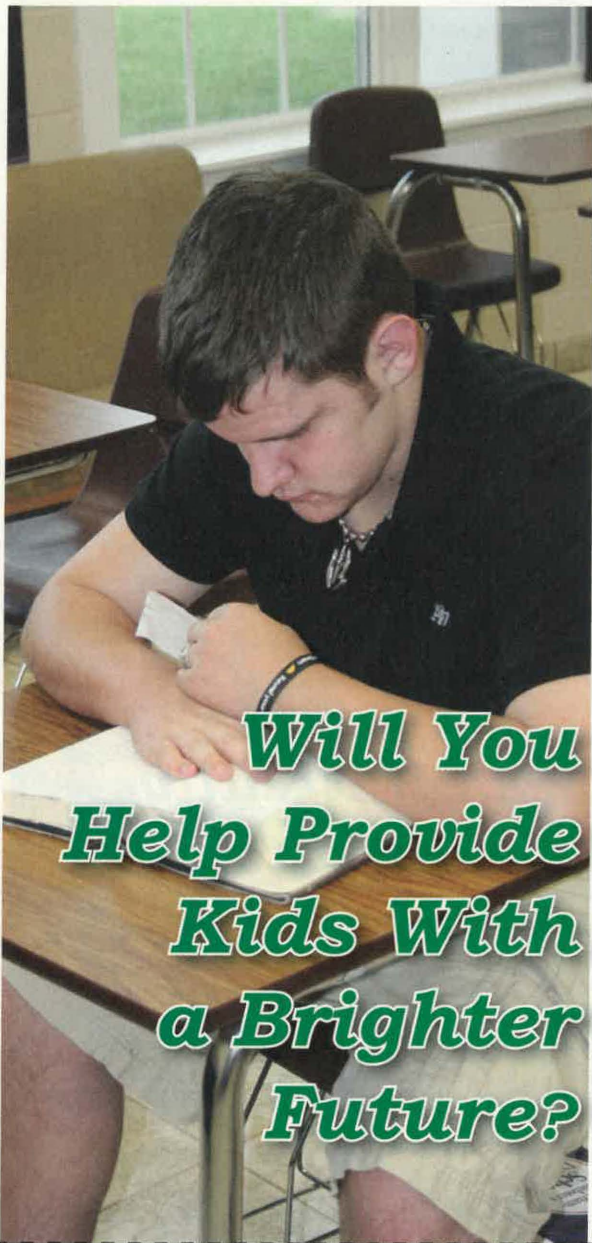

Mom Barnett, Dakota's Cottage Mom at the Ranch, proudly stated that he is one

*"...if I really wanted to be successful, I needed the structure and guidance of the Boys Ranch."*

of the most determined teens she has ever met. "He is a hard worker and really stayed focused on completing this EMT training program. He even took additional classes to be certified to drive emergency vehicles like ambulances, fire trucks, etc. Dakota is trustworthy and very responsible and quite impressive for a 17 year old young man."

Dakota shrugs off this praise, knowing he has to earn this respect every day. He then smiled and said, "Mom, I know I was never the best at getting up for school with that alarm clock, but I sure know what to do when the four alarm fire bell rings! I am READY for ACTION!"

**Will You  
Help Provide  
Kids With  
a Brighter  
Future?**

**S**lumped down in the chair, fidgeting with a pencil but not taking the test, Jason stared off into space. "JASON!" came the urgent call drawing his attention back to the task at hand. "Do you really WANT to fail?" If you keep this up, you surely will! It's all up to you."

He shrugged off the comment and repositioned his body over his paper. No, he didn't want to fail...he just never expected to succeed. Everyone at home called him a loser, a slacker who would never amount to anything... maybe they were all right??

But something inside him stirred that day. He truly realized it was up to him. His success or failure would not be a reflection of his parents or his home or his circumstances. It reflected on him. It was his name and his future at stake. And, the Florida Sheriffs Youth Ranches may be his one chance to prove this to the world!

Jason understood he was the one who could change things, so he did! He started paying attention in class and actually doing his homework. The praise from others began to flow. He also became more attentive about how he dressed and spoke to adults. "Yes, Ma'am" and "No, Sir" became a regular part of his vocabulary. Overall, he just became a much more likeable fellow and began to excel in all areas of Ranch life!

Jason is like so many of our kids. They have been told they can't achieve so they quit trying. They just shrug their shoulders and give up. Together, we can change that. Right now, today, you can invest in helping a child believe they can do it!

Your gift, small or large, will give them hope for a brighter future through a good education, a safe and nurturing home and people who believe in them. So many kids need this wake up call. Please, please show them your care by sending your support right away. School is about to start and we need your help for kids just like Jason!

## The Skills of Self Sufficiency

**B**oys Ranch Vocational Instructor Bob DeSantis has one overriding goal with every teaching interaction - build a sense of self-sufficiency! "I expect all of my boys will own a home one day. In my class, they will learn how to take care of it."

The main project last semester in Mr. Bob's shop class was to learn about "stick-built" construction so the boys literally built a small scale indoor wall of a home. We start with only four boys in a class because they have to do everything themselves. They learn about load bearing verses non-load bearing walls. They frame and square up the wall, and cut rough openings for the door and a window. Next, they installed the door and window complete with lock sets for both.

Moving to the electrical phase, the boys ran the wirings for a plug, light and switch. They hung the lamp and made sure everything met proper code and would pass inspection. The boys installed the dry wall with both screws and nails so they learned how to use both methods and finished it with mud, which

was then sanded and painted.

To add style, the boys decided to install molding around the door and window frames and chose to finish the look by lightly burning the wood door with a propane torch to bring out the grain and then added a coat of polyurethane for protection. "Of all the classes who have tackled this project, these four boys have done the best job," said Mr. Bob. "I am very proud of them!"

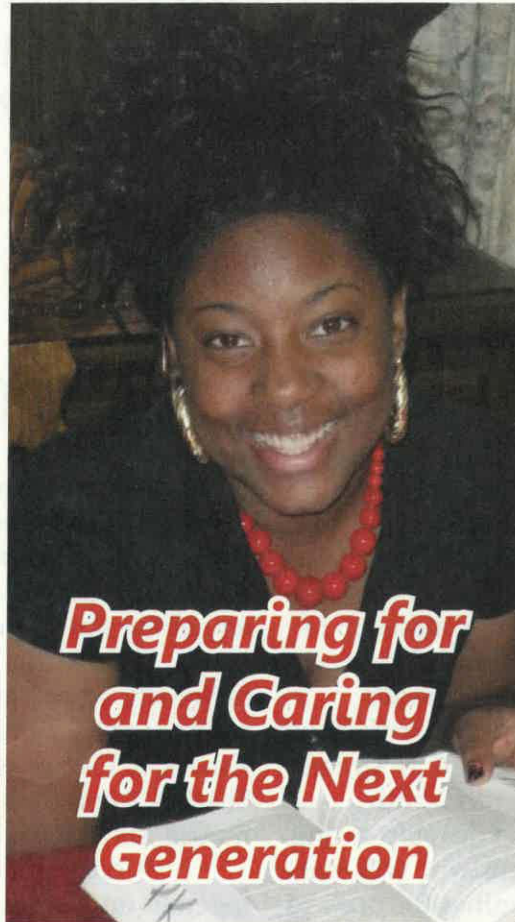

Next year, we plan to expand the Vo-Tech program at the Boys Ranch. The building will be modified to include instructional settings for plumbing, air condition repair, minor electrical work, and a small engine/automotive care station. These will be added to the current woodworking and basic welding skills already incorporated into the Vo-Tech educational program.

We want our boys prepared for all aspects of their future. Some may use these experiences for future employment and others will be able to save money with a "do it yourself" sense of self-sufficiency!

**A**s parents and grandparents, community leaders and concerned citizens, we often worry about what our children will face in the years ahead. We see changes on the horizon and realize we only have the power to influence a very small part of the world at large.

But, there is something we can do about those around us!

So many young boys and girls don't have anyone to teach them about life... or prepare them for a healthy and happy future. They need the structure, guidance and love of good Cottage Parents who can raise them to become

lawful, productive members of our society. Every child needs the chance to learn and thrive!

Most people prepare their will years before they die. By the time your gift is received, it may possibly be used for those teenagers who are toddlers today. If you include the Florida Sheriffs Youth Ranches in your estate plans now, you will be making a decision that determines how we care for the next generation of children.

Think about it - what a wonderful blessing to know you are helping the smallest, most fragile among us! Thank you for caring and for sharing!

## About your estate planning...

Many of our friends have thoughtfully made provisions in their estate planning for our boys and girls. If you are considering a gift of this nature or if you would just like to know more about the many and varied opportunities for sharing, we can help.

# What Is the Relationship Between the Florida Sheriffs Association and the Florida Sheriffs Youth Ranches?

**A.** Simply stated, they are two separate 501(c) 3 charitable organizations, each with a unique purpose but they work very closely together. The mission of the Florida Sheriffs Association is to foster and enhance effective law enforcement activities through educational and charitable efforts including the prevention of crime, the apprehension of criminals, and the protection of the life and property of the citizens of Florida. It is located in Tallahassee and works closely with the 67 Sheriffs of Florida. The Florida Sheriffs Association is the founding organization of the Florida Sheriffs Youth Ranches.

The Florida Sheriffs Association is made up of Honorary, Business and Law Enforcement Members who pay yearly dues of \$25. The Florida Sheriffs Association actively supports the Florida Sheriffs Youth Ranches and other law enforcement related programs.

The mission of the Florida Sheriffs Youth Ranches is to prevent delinquency and develop strong, lawful, resilient and productive citizens who will make a positive contribution to our communities for years to come. We have four residential sites and two camps located throughout the state of Florida. We provide

residential services, camping services, family counseling services and other delinquency prevention programs to meet the changing needs of Florida's children and families.

The Florida Sheriffs Youth Ranches accepts donations in any amounts and uses these gifts to support the children in our care. Voluntary gifts are a primary source of funding. Charitable donations, bequests, wills and trusts can be earmarked to benefit any of the statewide programs.

The Florida Sheriffs Youth Ranches is nationally accredited by the Council on Accreditation of Services for Families and Children, Inc. and the American Camp Association. Since 1957, the Florida Sheriffs Youth Ranches has touched the lives of thousands of boys, girls and their families.

While both organizations work very closely together on many issues, each administers its own program through a separate Board of Directors. Gifts to either the Florida Sheriffs Association or the Florida Sheriffs Youth Ranches are tax deductible.

## Private Arron Rust

### A Letter from a Grateful Mom...

*"I just wanted to share with you and the Ranch how well Arron is doing. We drove to Kentucky on June 2<sup>nd</sup> to be a part of his graduation from civilian to Private Arron Rust. Being a part of the US Army has made him happy. He is a team player and has numerous comrades that he can call family. He feels as if he really belongs to something.*

*As a mother, I always felt that I failed Arron, yet he has thanked me for sending him in the right direction. Now, I want to thank you and everyone at the Ranch for all of your hard work, your love and the attention that you gave Arron. You have helped me to make him the man he is today!*

*Thank you!  
~the PROUD mother of  
Arron Rust*

## Make a Great Charitable Gift!

**Would you consider making a gift to the Florida Sheriffs Youth Ranches through your will, trust or possibly list us as a beneficiary of a life insurance policy?**

Your gift, small or large, will help us prevent juvenile delinquency and develop lawful, productive members of our communities.

Many people believe in our children and want to help, but they need to preserve the money they have right now to cover the rising cost of medical care and other living expenses. We understand this dilemma and know you should first care for yourself and your loved ones. However, one way you can fulfill your intent to support our boys and girls is by including the Florida Sheriffs Youth Ranches in your will or other estate plans.

As you think about your plans, a simple way to make a commitment of this type would be

to change the beneficiary of a life insurance policy or add the Florida Sheriffs Youth Ranches, PO Box 2000, Boys Ranch, FL 32064 as a beneficiary to your investment or retirement account.

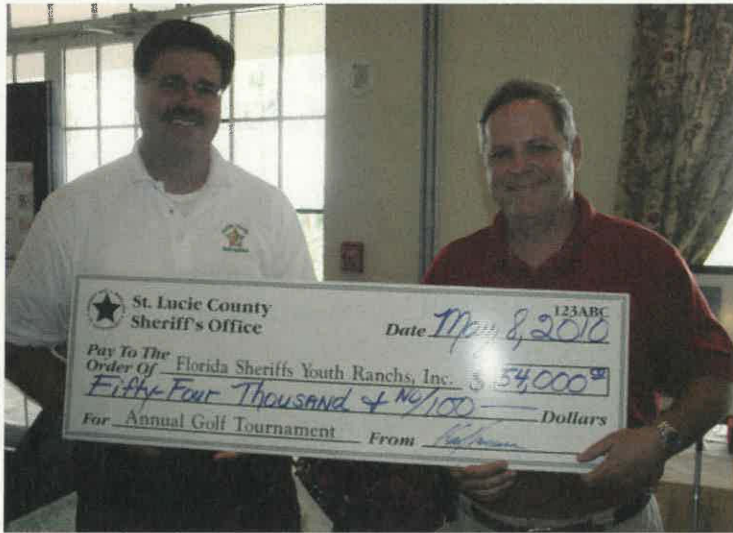

This will ensure the remaining funds will be used to help serve the children in our care. If you have any questions or would like to learn more about these gifting options, please contact President Roger Bouchard at (800) 765-3797.

*Your will should be reviewed annually.*

## Officials Show Their Support of the Youth Ranches

Columbia County Sheriff Mark Hunter expresses his thanks to Congressman Adam Putnam (center) who as a State Representative sponsored the legislation creating the Florida Sheriffs Youth Ranches Specialty Tag. Former Sheriff and current State Senator Steve Oelrich (right) is also a huge supporter of the Florida Sheriffs Youth Ranches as he recently sponsored legislation which enables the Sheriffs Ranch to receive a voluntary donation from citizens when they renew their license tag. All three men care deeply about helping "Florida's Charity for Florida's Children" the Florida Sheriffs Youth Ranches.

**Please Donate Your Vehicle to the Sheriffs Ranches Enterprises**

The Sheriffs Ranches Enterprises accepts vehicles in fair to great condition. If your vehicle has proper emission controls, fair tires, no major body or rust damage, and the engine/transmission are in good working order, please consider sharing this resource with our charity. This donation goes to benefit the boys and girls of the Florida Sheriffs Youth Ranches.

For more information or to set up an appointment for a Sheriffs Ranches Enterprises representative to pick up your vehicle, you may call 800-765-3797.

Please note: The American Jobs Creation Act of 2004 contains new rules pertaining to the charitable deduction allowed for vehicles donated to a qualified charity after December 31, 2004. Basically, this law limits the donor's tax deduction to \$500, or the gross proceeds from the sale of the vehicle, if over \$500. We recognize that each individual's tax situation is different and the impact of any charitable deduction is based on a variety of circumstances. You are strongly encouraged to consult with your independent tax advisor.
